## ***NURTURING OF LEGENDARY HEROES AT SEKPS***

This year's school magazine celebrates the "Nurturing of Legendary Heroes," a significant concept for our school community.

Our school has always been committed to inspiring and empowering our students to become the best versions of themselves. In line with this mission, we strive to recognise and celebrate the legendary figures, both within and outside of our school community.

One such legendary hero whom we have chosen to highlight is Bruce Lee. His life and legacy, which we can all relate to, have long been a source of inspiration for people worldwide. We believe that by understanding his journey, our students can learn valuable lessons about perseverance, discipline, and the pursuit of excellence.

However, legends are not confined to the global stage; they can be found in our very own backyard. Within our school community, we are fortunate to have individuals who have not only performed extraordinary feats but have also left a profound impact on our school community. Whether through academic achievements, community service, or simply by being kind and compassionate role models for our students, these local legends have shaped the very fabric of our school's identity.

It is our hope, and we are confident, that by recognising these local legends, our students will be inspired to follow in their footsteps, strive for greatness, and leave an indelible mark on the world around them. After all, legends are not born; they are made – and we firmly believe that our school is the perfect incubator for nurturing the next generation of legendary heroes.

So, as you delve into the pages of this magazine, I invite you to celebrate the extraordinary individuals who have graced our school and community and to be inspired to become legends in your own right.

THE HISTORICAL LEGEND

**The SEKPS Dino-Dragon Lunar Celebration 2024 :  
An Unforgettable Fusion of Prehistoric Wonders and Chinese Culture**

Amidst the vibrant Lunar New Year festivities, our school hosted the "SEKPS Dino-Dragon Lunar Celebration 2024" – a captivating event that seamlessly blended the awe-inspiring legacy of dinosaurs with the enchanting symbolism of Chinese dragons.

Over two remarkable days, students were not just spectators but active participants in an immersive journey. They explored prehistoric giants' fascinating anatomy and behaviour, delving into the rich cultural significance of mythical Chinese creatures. Through interactive exhibits, hands-on workshops, and thought-provoking discussions, they discovered the connections between these ancient beings and the traditions of the Lunar New Year. It was a genuinely engaging and exciting experience for all.

Integrating STEAM elements, the event was a celebration and a multifaceted learning experience. Students had the opportunity to create their dinosaur fossils, design dragon-inspired structures, and uncover the science behind celestial phenomena. Beyond academics, the celebration also emphasised life education and ethical values, encouraging students to explore their emotions and reflect on the deeper meaning of life. It was a truly enlightening experience for all.

The grand finale showcased the students' captivating presentations and creative projects, leaving the entire school community in awe and celebrating the harmonious fusion of Chinese culture and the wonders of the prehistoric world.

Unearth The prehistoric past! Students dug for dinosaur fossils, engineered their dino models, and explored the incredible adaptations that allowed these ancient giants to thrive. It was a hands-on, immersive adventure into the world of dinosaurs at the SEKPS Dino-Dragon Lunar Celebration 2024.

SCOOP  
2024

Soar into the realm of Chinese dragons! Students tried their hand at calligraphy, creating intricate dragon designs. Breathtaking dragon dances and drumming performances captivated the audience. They even crafted mesmerising sand art depictions of mythical creatures. The event culminated in a spectacular exhibition showcasing the students' creativity and cultural exploration.

SCOOP  
2024

Beyond the academic focus, the "SEKPS Dino-Dragon Lunar Celebration 2024" also emphasises the importance of life education and ethical values. Through reflective discussions and engaging activities, students were encouraged to explore their emotions, cultivate empathy, and reflect on the deeper meaning of life. By connecting the wonder of dinosaurs and the symbolism of dragons to their personal growth, the event encouraged students to consider how they could integrate these powerful influences into their own life planning and future aspirations.

*"Students captivated by the SPCA Education Talk, gaining valuable insights into animal care and rescue."*

The SEKPS Career Exploration Series in 2024 inspired students' future aspirations. The SPCA life-planning talk on 22 February opened their eyes to animal welfare through real-life rescue stories, while the Aviation Career Talk at Sky Dream Fun Day on 21 March provided a comprehensive look at diverse aviation jobs, from pilots to ground staff.

*"Dreams take flight: Aviation Career Talk sparks excitement and ambition as students explore their future in the skies."*

**SCOOP  
2024**

Alumnus Dhillon Kuldeep-singh's CSD life planning talk on April 30 inspired students, while the Rehabilitation Express vehicle and games on April 29 engaged them in crucial national security and crime prevention messages.

*Primary 4 to 6 students engaged in an insightful session about careers in the Correctional Services Department.*

*Primary 6 students explore the mobile exhibition promoting national security and rehabilitation messages.*

*Primary 6 students enjoyed an energetic game of Dodgebee, fostering teamwork and physical activity as part of the Rehabilitation Pioneer Project.*

# THE LEGENDARY BRUCE LEE

## "LOVE OUR HOME, TREASURE OUR COUNTRY" 2023-2024

### 歷史人物面面觀專題研習報告——武藝傳世李小龍

To enhance students' reading interest, foster a comprehensive appreciation of Chinese culture, and deepen their sense of national identity, our school has participated in the China Historical Figures Thematic Project Learning Competition organised by the Education Bureau. In the report, students conduct in-depth research on the achievements of different historical figures in China, explicitly exploring Bruce Lee's life and philosophy to gain insights into his thoughts and characters.

Not only is Bruce Lee an outstanding martial artist, but he is also a renowned actor and director with unique philosophical ideas. Through this competition, students can delve into Bruce Lee's life, achievements, and influence, enhancing their understanding of his significance in martial arts, film, philosophy, and culture. This competition aims to promote a comprehensive appreciation and recognition of exceptional historical figures in China. Our students received the Merit Award in the competition! Well done, Kadoorians!

## 親子模型創作 —— 武藝傳世李小龍

To enhance creativity, problem-solving skills, and collaboration skills while paying tribute to the extraordinary life and legacy of Bruce Lee, we organised a parent-child model design competition with Bruce Lee as the theme. A total of 14 entries were submitted for this competition. Students could integrate multiple STEAM principles into the model inspired by Bruce Lee's life, such as creating a model that showcases the science behind Bruce Lee's physical training and conditioning. 4A Afran won this competition, and we sent his model to participate in the "Love Our Home, Treasure Our Country" Parent-child Model Making Competition. His work was awarded the Merit Prize in the competition. Congratulations! His design fully embodies the martial arts spirit of Bruce Lee, incorporating simple STEAM principles to showcase Bruce Lee's remarkable martial arts skills engagingly and fascinatingly.

THE LEGENDARY HEROES

In this chapter, students were tasked with writing about the people they most admire and love. These individuals, whether family members, teachers, or community leaders, were recognised as true heroes - role models who have inspired and positively impacted the students through their actions, values, and unwavering support. Through this heartfelt writing exercise, students had the opportunity to reflect on the qualities that make these people so admirable and how their influence has shaped the students' personal growth and aspirations.

Dear Mom,

I want to tell you how much I love you. You are the GREATEST mom in the world!

One morning, when I woke up, I was hungry and my tummy started grumbling. Then you came to hug me and said, "Milk and snacks have been prepared for you, my dear." I was so touched and I finished all the milk and snacks with joy.

As the saying by Walt Disney goes, "Life is beautiful. It's about giving. It's about family." My life is as beautiful as a sunflower because you create a loving home for me. Thank you for being there for me, and for your love and care. Thank you for being a wonderful mom!

Love,  
Rania (Class 1A)

Dear Daddy Noel,

Do you know how much I feel for you? I want to tell the world that you are the best dad ever!

You are the one who always teaches me to pray whenever I am blue. You are the one who teaches me how to play the piano. Once, I was playing the piano, and the piece of music was too hard for me. You said, 'it's alright, just keep practising.' You told me there is a saying: "Do not pray for an easy life. Pray for the strength to endure a difficult one."

So I prayed and tried playing the song again. I could finally play it. Thank you for your support!

P.S. I love that saying of wisdom! :)

Your son,  
Nathan (Class 1A)

Dear Captain Tsubasa,

Since the age of 4, I have read Captain Tsubasa's comic. I am grateful to you for teaching me that nothing is impossible when we try our best and never give up. I aspire to be like you and participate in the World Cup.

Albert Einstein once said, "I have no special talent. I am only passionately curious." Being inspired by this saying of wisdom, I will try my best to improve my football skills. My ultimate goal is to become a professional soccer player in Hong Kong and represent the Hong Kong team in the future. Thank you for always being there for me.

Love,  
Sho (Class 1B)

Dear Mom,

I want to express my love and admiration for you. You are the most incredible mother in the world!

I'll never forget the time I cried after failing the Maths quiz, and you were there to embrace me and calm my fear. You explained to me and helped me understand my mistakes. I promise to do my best and never fail again. I finally achieved an "A" on the maths exam.

Marion C. Garretty once said, "A mother's love is the fuel that enables a normal human being to do the impossible." Your love and support mean the world to me. Your encouragement is my energy to do well. Thank you, Mom.

Love,  
Toby (Class 1B)

Dear Mom,

I want to tell you a secret: You are the best mom in the universe! Because of you, my life is beautiful. Because of you, I have a lovely family.

I love the time when we read the book "Cat Kid Comic Club Influencer" together. The story "Two Birds" was so touching. The blue bird was a cheerful one while the red one always complained. You taught me we could choose the bright side to see everything.

Elaine Heffner said, "The art of mothering is to teach the art of living to children." You are like the blue bird. When I am down, you always cheer me up. I wrote a comic "Chick and Chick" for you. It's about our love. Thank you, mom.

Love,  
Nathan (Class 2A)

Dear Dad,

I want to tell you how much I cherish your love for me.

When I was six years old, I went roller-skating for the first time. I could not balance at all so I fell down a bunch of times. Once, I fell down on my back and it felt like my backbone got sliced into a trillion pieces. "Ouch!", I screamed. Then you helped me stand up and said, "Don't worry. You have to look ahead and feel your legs moving step by step like walking."

I did what you said until I could walk slowly with my roller-skates. As the saying goes "Great fathers don't find fault. Great fathers find solutions." I want to tell you that you are the GREATEST one!

Love,  
George (Class 2B)

Dear Mother Nature,

Thank you for the greatness you bring to this world and how you shine your beauty upon us.

We humans owe our very existence to you. It seems we disregard this fact and do not pay any respect. Many of us pollute and destroy the environment. However, it is never too late to take action.

As the saying goes "Nature's beauty is a gift that cultivates appreciation and gratitude", I promise we will take care of you and be responsible. We can start planting trees, recycling, disposing of wastes properly and reducing the use of plastics. By those simple actions, we could protect you. You are home so we should take care of you.

Love,  
Luis (Class 2C)

Dear Dad,

Thank you for being the most incredible man and the world's greatest father to me.

I remember when I was afraid of water, so I could not swim. Yet, you encouraged me and always stood by my side. You said, "Hold your breath and slowly release the air out of your mouth." So I tried again and I could finally swim. Now I love swimming! Thank you for encouraging me. I now believe anything is possible.

Like the saying goes, "My father gave me my dreams. Thanks to him. I could see a future." Because of you, I see hope in my future. I want to become an ocean explorer. Thank you for being my super hero.

Love,  
Aarav (Class 2C)

Dear Dad,

Thank you for being a loving and caring father. I am writing to dedicate my love to you.

One summer, when we were on the plane waiting to take off, my right cheek started to hurt for no reason. You then said, "Put your cheek against my chest. No worries." Your chest was as soft as a bed. It was so comfortable that I forgot about the pain. It was like a miracle. The pain was gone. Thank you.

I could feel the love for me like the saying "Love begins by taking care of the closest ones, the ones at home." I am truly grateful! You are the BEST DAD ever!

Love,  
James (Class 2C)

Dear Dad,

I want to say 'Thank You' to you because you spend time with me and teach me new things.

During the holidays, when the weather was freezing, you taught me how to be brave in cold weather. You taught me different football skills and how to communicate with other team mates. I really enjoyed the wonderful moment that we spent time together. That is why I agree with the saying, "Rejoice with your family in the beautiful land of life." Family time is the best!

Since both you and I like Neymar, when I grow up, I will play football just like him. I will be a famous footballer and I will make you proud, Dad!

Love,  
Gilmour (Class 3A)

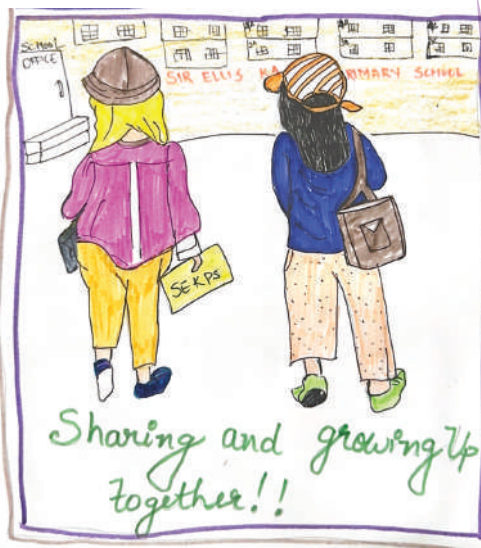

Dear my bestie Mabel,

I am writing to you to share my learning journey inspired by our friendship.

Last year, I was confident that I would win a medal in the "Bean Bag Throw" on Sports Day. However, when it was my turn, I could not concentrate and the bean bag slipped out of my hand. I received no medals. I burst into tears when I returned to my seat. Then you hugged and comforted me, "It is a joy to participate in the game. You did great! You can do better next time." You handed me a piece of chocolate to wipe away my sorrow.

Whenever I encounter failure, I recall what you've said to me. I do not give up easily. Henry Ford says, "My best friend is the one who brings out the best in me." You are the source of the light for me. Your love and care help me grow stronger! Thank you!

Love  
Navika (Class 4C)

## FRIENDSHIP IS LIKE A SHELTERING TREE

Dear Marcus,

I am amazed to have a best friend who has the same name as I do. I am writing to express my gratitude for having you as my friend.

Once, we went hiking with our family. At the beginning of the hike, it was easy. Yet, when my dad told us that we still had three hours to reach the top, I was worried. Since you have diabetes, I thought, "Do you need a break or do you want to eat anything?" I then suggested taking a rest mid-way. Everyone agreed. We shared some snacks and energy drinks. We chatted and took some photos too.

I am glad to have considered your needs because I really do care about you. Like the saying goes, "friendship is a sheltering tree." I will always stand by your side and support you. Let's make some time for each other. Thank you!

Love,  
Marcus Lee (Class 4C)

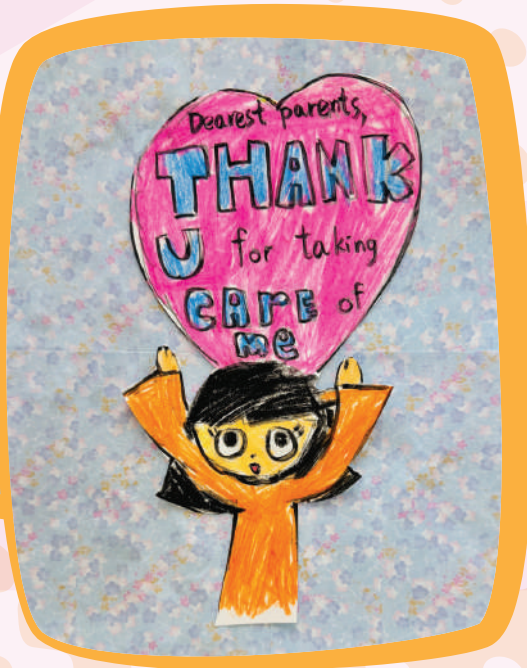

To the BEST mom,

Thank you so much for taking care of me. Not only have you provided me with necessities, but you've also given me tremendous support.

This year, I joined the Hong Kong Schools Speech Festival English Solo Verse Speaking. You helped me tie my hair with pretty ribbons and made me feel confident on stage. In the competition, I expected to win but it did not happen. I was disappointed. You held me in your arms and whispered, "You've done your best!" Let's celebrate! Then you took me to eat my comfort food "Spaghetti Carbonara". The spaghetti made me feel better and you made me smile again.

You make me understand the true meaning of the saying "When trouble comes, it's your family that supports you." When I am blue, you are the sunshine who brightens me up. You are a superhero like the one in the film "The Incredibles". I love you!

Your daughter,  
Audrey (Class 5A)

The greatness of a community is most accurately measured by the compassionate actions of its members.

Dear Kind Lady,

I would like to offer my sincere gratitude to you for giving me a helping hand.

When I was six, my parents took me to a mall where I was mesmerized by the eye-catching toys in a toy shop. Soon, when I realized that my parents were nowhere around, I cried with fear. Then you came along and comforted me with your gentle voice, "Let's go to the help desk and call your parents." You stayed with me until my parents arrived at the counter. Despite our differences in nationality and language, you offered your kindest care to a helpless child.

As the saying goes "The greatness of a community is most accurately measured by the compassionate actions of its members," I am glad to live in a safe and caring community where I feel a sense of security.

Your humanity inspires me a lot! Thank you once again for your good help!

Love,  
Gabiella (Class 5A)

Dear Mr. Watchman CHAN,

I have known you for three years but I've never spoken to you. I am writing this letter to thank you because you helped me when I was in need.

One hectic day, I left my key card at home so I couldn't open the gate of our building. You had no clue of what I was saying in English, but you tried to understand my gestures and promptly opened the door and let me in. You even held the elevator door for me. I was so grateful!

As Mahatma Gandhi said, "The best way to find yourself is to lose yourself in the service of others." You taught me that by being kind and helping others, we can make our community a better place to live in. I will try to pay it forward and help others with kind gestures or at least a smile and say "Jou Sun" to my neighbours.

With gratitude,  
Baylee (Class 5A)

Dear Mother Nature,

I would like to express my sincere gratitude to you for taking care of all of us, humans, trees and animals alike. You are the best guardian ever, as loving and caring as a mother!

The first time I felt connected with you was when I went to Myanmar and was introduced to the most wonderful landscapes and meticulous scenery. Then I saw the most breath-taking feature: a majestic waterfall. I actually jumped out of the speedboat I was in and swam to the riverbank to reach you. And I heard you saying, "This is the magic of nature!"

As Gary Snyder once said, "Nature is not a place to visit, it is home". All creatures are lucky to be protected and nourished by you. I will always try to respect you with my humbleness.

Your new friend,  
Winnie (Class 6A)

I love my mum

Dear Mom,

I am writing this beautiful letter because I want to acknowledge how loving and hard-working you are. You are so kind and protective, and work hard all day to take care of all of us and ensure that we are happy and healthy.

I remember, when I was little, I fell down because I was trying to run to you. So you came running to me and hugged me. I felt so protected and loved because you are as soft and sweet as a marshmallow. As Charles Dickens said, "A loving heart is a true mother".

No matter what, I will always be there for you, like you have been for me. I am so lucky to have you as my mom. You have a beautiful heart and I will never leave your side.

Your loving son,  
Ritik (Class 6D)

Dear Earth,

I am writing to express my gratitude because you protect us and feed us your resources, and provide the materials for our way of life. You are truly the most caring planet, as caring as a mother, allowing for us all to exist.

I remember watching a documentary about the dangers of global warming, so I decided to join a group to plant trees and clean the beaches. It was then I noticed there was a lot of rubbish and pollution which was causing damage to the plants and trees. This experience was very useful because I learnt that we need to take better care of you.

According to a Chinese proverb, "The best time to plant a tree was twenty years ago. The second best time is now." It reminds me to act immediately to make a difference to the Earth, instead of procrastinating. It is only then there can be progress.

Best wishes,  
Bella (Class 6A)

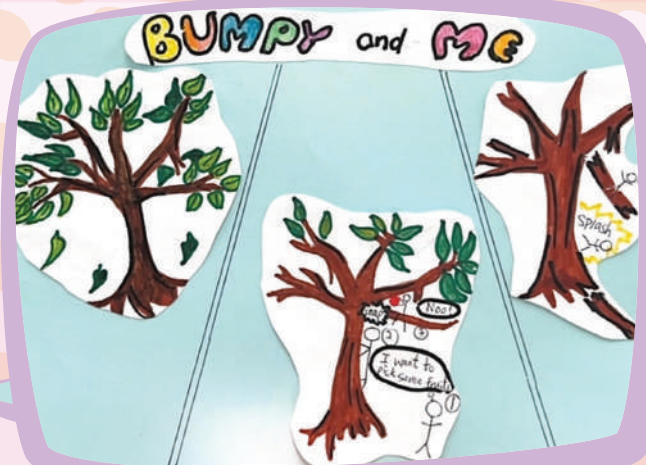

Dear Bumpy,

I would like to express my happiness that you are growing so well since I planted you six years ago. You have been so easy to take care of, and the fruits you produce are so yummy. You are as generous as the Sun, and the most abundant tree in my life.

I remember the first time your fruits were ready to be picked. I climbed up your trunk and leaned over one of your branches. But the branch broke and I fell down in the wet mud! My grandma was very mad at me, and so were you. "Don't climb me ever again!" you said. And I never did.

As Zeno once said, "The goal of life is living in agreement with nature." So although climbing and picking fruits from trees is fun, I know that I must respect nature and promise to be more careful when interacting with nature.

Your friend,  
Suakx (Class 6B)

Dear Nature,

I am writing to express my gratitude for your beauty which can transport us to a place of tranquillity. You have a way of evoking a sense of awe and wonder and captivating our senses.

I remember hiking in Nepal a few years ago and enjoying the fresh air. Suddenly I was greeted by the vision of the setting sun, and I watched in awe as the sky changed colours from vibrant orange to the darkest blue. The sunset was like a painting in the sky, the colours blending together with a masterful artist's brushstrokes. I could almost hear the Sun whisper, "Rest now; tomorrow brings new light and possibilities."

As Kristen Butler shared, "Sunsets are proof that no matter what happens, every day can end beautifully." As long as we pause and watch, and reflect and appreciate all the moments, this journey of life, like a sunset, can also be very beautiful.

Love,  
Samragyi (Class 6C)

In this chapter, students wrote about the heroes and heroines in their favourite books. They explored the admirable qualities and actions of characters like Harry Potter, Katniss Everdeen, and Atticus Finch, examining how these fictional heroes overcame obstacles and upheld noble values. By drawing parallels between literary and real-life heroes, students gained a deeper appreciation for heroism in all its forms.

Title : Dino-Mike and The Luna Showdown  
Author : Franco

This story is about Dino-Mike and his friends Shannon and Jurassic Jeff discovers a new villain called Mr. Bones. He takes some dinosaurs to space. Then Dino-Mike and his friends work together and go to space to rescue the dinosaurs.

Although Dino-Mike is just a normal kid, he thinks of solutions with his friends to work out the dinosaur saving plan. From this adventurous book, I have learnt that teamwork is important and we should never give up even though we might face some difficulties.

Title : Helen Keller  
Author : Margaret Davidson and Wendy Watson

Helen Keller was deaf and blind. However, she overcame all the difficulties in learning with the help of her parents and teacher. Finally, she became an author and a teacher.

After reading the book, I think Helen Keller was determined and resilient. Her life was difficult and challenging but she never gave up. I have learnt that we should try our best to solve the problems in life and we should never give up like Helen Keller.

**Title : Charlie and the Chocolate Factory**  
**Author : Roald Dahl**

Charlie and the Chocolate Factory is about a young child called Charlie Bucket who has won a golden ticket to explore the mysterious world in Willy Wonka's Chocolate Factory. It is an amazing journey to him!

I love this book because it is full of imagination. The chocolate factory visit is so memorable for me. Among all the characters, I like Charlie most because he is persistent. He did not give up on finding the golden ticket and at last he was rewarded with the golden ticket.

**Title : Harry Potter and the Philosophers Stone**  
**Author : JK Rowling**

Harry Potter considers himself as an ordinary boy until he is rescued by a beetle-eyed giant man. Later he is enrolled at Hogwarts School of Witchcraft and Wizard. He learns to play Quidditch and learns to become a wizard there.

Harry Potter has taught me that it is alright to ask for help when we are in need. Teamwork and friendship are important. Also, we need to be courageous when we face our fears in life.

Title : How I Met My Monsters  
Author : Amanda Noll

Ethan was a kid who never slept early. One night he met five monsters under his bed. To be the official monster for Ethan, they competed to scare him and made him stay in bed. Turned out, their monster tricks were hilarious instead of scary. While other four monsters failed in the test, Gabe the Monster was the last candidate. He followed Ethan to the kitchen and ate some crackers that was left by him. Gabe the Monster became gigantic because of the human food. At that moment, Ethan was a bit scared and he dashed to his bed and slept in no time.

This storybook made me realized that we should not judge a book by its cover. Although the monsters look horrifying, they might be helpful and kind. I like this book because I would like to meet my monster one day. I want to make friends with the monsters too!

Title : Napoleon – The Path to Power  
Author : Philip Dwyer

This book is a detailed account of Napoleon's journey to power. It covers from his birthplace, early life and his professional experience of how he had become a hero. He is courageous, intelligent and popular figure. He is well-known for his ability to devise innovative strategies to win the battles. He rarely retreated despite struggling with challenges in life.

I have learnt that we should be flexible and find solutions to cope with the challenging situations.

**Title : Mulan (Disney Princess)**  
**Author : Gina Ingoglia**

This book is about a courageous girl named Mulan. She demonstrated her bravery in the battlefield even though she was a girl. She was kind and selfless. She was devoted to protect her country too. She was a real hero with perseverance and diligence.

I love this book because of the positive message conveyed in the book: Girls can also be strong and should be respected too. I have learnt that we can achieve our goals with ambitions and hard work.

**Title : Tennis Dream**  
**Author : Rendy Lu Yen-Hsun**

You will embark on the learning journey of a famous tennis player, Rendy Lu while reading the book. Since Primary 2, he has begun his learning how to play tennis. He has dedicated his effort in tennis until he got a chance to play in Wimbledon where all world class tennis players compete there.

I am particularly impressed by one of the chapters telling us Rendy and his opponent who had been competing for four and a half hours at a severe weather. At that moment, he was exhausted and almost wanted to give up. Yet, moments of encouragement from his father who passed away gave him strong will power to continue the tennis match. At the end, he won the competition.

I was amazed by Rendy's willpower and perseverance. I believe I can overcome difficulties and achieve my goals if I work hard enough.

**Title : Alice's Adventures in Wonderland**  
**Author : Lewis Carroll**

Alice's Adventures in Wonderland depicts a girl called Alice who stumbled down a hole and began her extraordinary encounters in a fantasy world. While embarking on her journey, she met a rabbit with a pocket watch, a grinning cat and even the Queen of Hearts!

Through reading the story, I realized the importance of imagination. We should allow ourselves to think outside the box and explore new ideas. Believing everything is possible is also the positive belief – we can experience a lot in the world of possibilities. We should embrace our curiosity and imagination too. With curiosity, we explore the unknown whereas imagination can let us be creative to think of ways to cope with challenging situations.

## 3A Gabriella

書名：孔子  
作者：香港教育大學

故事簡介：孔子到了楚國後，一直輔助楚昭王，直到昭和去世，孔子才返回自己的國家。雖然他一直不得志，但他勇敢的精神和高尚的品德，受到眾弟子的敬仰。我喜歡這本書，因為我學會了無論遇上任何困難，我都永不放棄。

## 4A Lincoln

書名：怪裡怪氣粉絲團  
作者：阿詩瑪

故事簡介：這個故事記述一名叫馮倩倩的女孩，為了不被排斥，而盲目跟隨別人。班上的「怪咖」夏南卻認為做自己才是對的。這個故事告訴我們不需要盲目跟隨別人，最重要的是忠於和欣賞自己。

在書中有一句句啟發了我：只有最真實的自己才能開心地接受大家的尊重和喜愛。我非常同意這句句，我們不需要隨波逐流。每個人都是獨特的，我們應該相信並欣賞自己。

## 6A Bella

書名：獅子·女巫·魔衣櫥納尼亞傳奇  
作者：C.S. 路易斯  
出版社：漫遊者文化事業股份有限公司

故事簡介：露西跟他三位兄弟姊妹——彼得頓蘇珊和愛德蒙到了一位老教授的大宅暫住。有一天，他們正在玩捉迷藏的時候，露西發現了一個可以通往納尼亞的神奇衣櫥後，四個人類孩子就到達了納尼亞，並得知一位讓納尼亞變成終年冰天雪地的白女巫。隨後，白女巫誘騙愛德蒙，著他帶其他兄弟姊妹，到白女巫的堡壘。可惜，愛德蒙性格傲慢，沒有帶其他人前往堡壘見白女巫。這令她十分生氣，然後把愛德蒙關在牢裏。一隻名為阿斯蘭的獅子出手相助，對抗白女巫軍隊，拯救愛德蒙。

我喜歡的角色是愛德蒙。即使他從前犯錯了，但最後他能知錯，並改邪歸正。我欣賞他的勇氣和決心。我從他的身上學會了即使我們犯錯，也要有知錯能改的決心。

6A Gigi

書名：西遊記  
作者：吳承恩  
出版社：小樹苗

故事簡介：孫悟空是一隻神猴子。由於他500年前大鬧天宮，被如來佛祖壓在五指山下。唐三藏是一位被委派到西方取西經的僧人，他路經五指山，拯救了孫悟空，並收他為徒。在路上，兩人遇上豬八戒和沙僧，唐僧也收他們為徒。於是，四人便展開了取西經的冒險旅程。他們經常遇上不同的妖怪，悟空、八戒和沙僧亦盡力保護唐僧。有一次，唐僧不信任悟空，還趕走了他。但是，悟空仍硬着頭皮，回到師傅身邊保護他。最後，四人花了14年，終成功取西經。

我最喜歡的角色當然是孫悟空。因為他盡忠職守、身手敏捷，還懂得72種法術。我從他的身上學會了盡忠職守、勇於挑戰、無畏無懼的精神。將來，我也要像孫悟空一樣，擁抱挑戰。無論遇上甚麼困難，都永不放棄。

3C Darren

書名：三國演義  
作者：羅貫中

故事簡介：我看了三國演義後，諸葛亮成為我的偶像。因為他很聰明和學識廣博。在草船借箭中，他機智地從敵人手中拿取他所需要的十萬支箭。

諸葛亮曾說過：「假如我不懂天文地理，不知道布陣用兵，就只是個庸才而已。」我從這句說話得到了一些啟發：作為學生的我，要多用功，從探究中學習，涉獵不同學科的知識，將來做一個對社會有貢獻的人。

## 5A Evelyn

書名：查理九世20黑霧侏羅紀

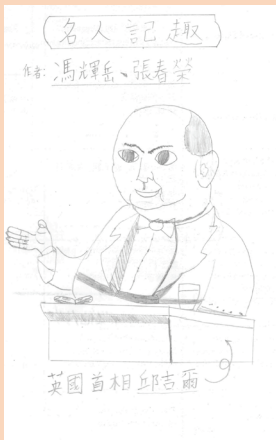

作者：雷歐幻像

出版社：小麥文化

故事簡介：DoDo冒險隊和大西洋船王亞瑟一起潛水時，亞瑟被一隻神秘怪魚咬傷了。眼看他危在旦夕，查理九世和他的小夥伴們決定乘坐潛艇，深入神秘的海洋，尋找血清。可是他們被捲入了黑漆漆的海洞之中。當他們醒來時，他們竟然身處侏羅紀公園！小夥伴們究竟是穿越到恐龍時代，還是來到地球滅亡的未來呢？如果你們對這個冒險旅程也感興趣，那麼，歡迎你們到圖書館借閱這本圖書。讓我們一起探索這個精彩刺激的恐龍帝國吧！

我喜歡查理九世這個角色，因為他是一隻十分聰明的小狗。我從他身上學會如果遇到意外時，我們要冷靜地思考，想辦法解決問題。

## 5A Gibson

書名：名人記趣

作者：馮輝岳、張春榮

出版社：康軒文教出版社

故事簡介：這本書講述了三位名人，包括英國首相邱吉爾、美國小說家馬克吐溫 and 美國總統艾森豪威爾等。在每個名人的故事中，敘述了他們如何運用機智的頭腦去化解面臨的危機。

我喜歡故事裏的美國總統艾森豪威爾。因為他運用靈活的頭腦，想出化解危機的方法。從他身上，我學會了做事要果斷，不要拖拖拉拉。作決定前，我們亦要考量如何保護自己和身邊的人。

## 5A Charis

書名：康乃馨奇案

作者：厲河

出版社：匯識教育有限公司

故事簡介：桑茲是一個小偷，專門在同伴的安排下，混進富豪家中偷竊。這令蘇格蘭場頭痛不已。然而，他在最近一次的犯案後，竟甩掉同伴逃之夭夭。這當然惹來黑白兩道的追捕。在福爾摩斯和華生的協助下，仔寶幹探李大猩和狐格林終於成功拘捕桑茲。

我喜歡華生這角色。他曾是軍醫，為人善良並樂於助人，是福爾摩斯的最佳拍檔。我從他身上學會了樂於助人的精神。這樣，身邊的人才會喜歡和尊敬自己。

## UNLEASHING STEAM LEGENDS

At SEKPS, students are encouraged to explore the exciting world of STEAM (Science, Technology, Engineering, Arts, and Mathematics) through hands-on learning and collaborative projects. In the school's state-of-the-art maker spaces and innovation labs, young learners dive into coding, robotics, 3D design, and multimedia production. They work in teams to tackle real-world challenges, honing their critical thinking, problem-solving, and communication skills. Whether designing eco-friendly cities, programming interactive stories, or creating digital art installations, our students find endless opportunities to unleash their creativity and become legends in their own right. By blending the arts and sciences, we empower our students to become innovative thinkers, confident makers, and inspiring leaders who will shape the future. Through these transformative STEAM experiences, we cultivate a new generation of trailblazers who will leave an indelible mark on our community and the world beyond.

LEGENDS AMONG US

SEKPS is home to a remarkable community of student leaders and achievers who have become legends in their own right. The Head Prefects and their team of prefects demonstrate exceptional responsibility and commitment, serving as role models for the entire student body. Likewise, the Head Ambassadors and their ambassadorial squad represent the school with poise and distinction, fostering connections with our student community. Beyond these leadership roles, the school's star athletes, musicians, and academic competitors have also earned laurels, standing tall as inspirations to their peers. Through their exceptional talents, unwavering dedication, and exemplary conduct, these student legends are shaping the future and leaving an indelible mark on the school.

*I'm Constant of 6A, the head prefect. Over 8 months, I've learned the importance of teamwork in monitoring the prefect team. I'm grateful for this opportunity to serve the school.*

*I am Kennis of 6A. As the head prefect, I've learned the importance of leadership and setting a positive example. This role has improved my skills, and I'm grateful for the opportunity. I encourage other P.4-P.6 students to try becoming a prefect or head prefect - it's a valuable learning experience.*

*I am Bella from 6A. As the head prefect, I monitor the prefect team and arrange coverage when needed. This role has taught me the value of teamwork, diligence, and responsibility. I'm grateful to Miss Wong for recommending me for this position, and I'm dedicated to serving my teachers and fellow students.*

*I am Suakx from 6B. Being the head prefect, I am committed to maintaining order with my team. This challenging role has taught me that diligence and responsibility are key to excelling. Every student has the potential to be a good leader.*
