Message from Teachers

Ms. LEUNG Cee-cee Cissie

(Headmistress)

Congratulations on reaching this significant milestone! As you embark on new adventures, I want to remind you of our school motto: **"Seize The Day."**

This motto encourages you to embrace every moment and make the most of the opportunities ahead. Whether you're entering new schools, pursuing hobbies, or making new friends, approach each day with enthusiasm and determination. You have worked hard and developed valuable skills. Trust in yourselves and don't be afraid to take risks. Every experience is a chance to grow and discover your passions. As you step into this new chapter, carry the spirit of **"Seize The Day"** with you. Embrace challenges, cherish friendships, and strive to be your best selves.

Congratulations again! We are so proud of you and can't wait to see all the wonderful things you will achieve.

P.S. I will always remember our Graduation Tour in Beijing in 2025. Cheers!

Wish you all have wonderful days ahead of you. Enjoy and treasure the moments with those study with you, work with you, and be with you. I would like to share some of the lines of the poem 'Actions' by Shel Silverstein.

If we meet and I say, 'Hi', That's a salutation.
If you ask me how I feel, That's consideration.
If we understand each other, That's communication.

If we argue, That's an alteration.
If later we apologise, That's reconciliation.

If we help each other home,
That's cooperation.

I love my school. I want to thank all my teachers for teaching me from P.1-P.6 and my friends to stay by my side like Angus. He was my first friend but he transferred school in P.4. However, we will always be friends. Then I met Javier in P.4, he became my best friend and we will hang out together at the end of our primary school life.

Thank you to Charon, Veron and Pranavlal for always showing their kindness to me when I'm angry, bored or sad. They are the best friends I could ever had.

Hi everybody! I am Veron. Time really flies. When I was in P.1, I always told my class teacher that I didn't know how to speak English. Then my class teacher encouraged me to try my best to speak English. My class teacher taught me to speak English. Then I learn how to speak English. In SEKPS, I made a lot of friends from P.1 to P.6. I have some friends who have been together with me from P.1 to P.6 like Matthew and Manpreet. They are my best friends forever!

Hello, dear teachers and fellow students, it is truly an honour to present this message to you. I started my journey here in SEKPS when I was 6 years old. I was in class 1A. I was a regular student who knew nothing but trouble. In P.4, my class teacher was Mr Loi, who hadn't left yet at the time. He was a great teacher and inspired me to change and sparked my curiosity of making others proud like how I made him proud. Now here I am 6 years later in P.6 and I will begin my secondary school journey soon. My message to all of you is no matter how scary change is, sometimes it is the best choice. Thank you to all my friends who have supported me along the way, I love and appreciate you all. Thank you for the memories!

I am extremely grateful to get into this amazing school. All the memories and people I've made and met might just be the best days in my primary level. I had tried to join as many activities as possible to make as many memories as I could, and I did. As a shy person, when anybody would compliment me, I'd blush, but thanks to my dearest friend, Carly, she is the most confident, idiotic, silly, and energetic person I've met. She helped me be confident, even if it was the slightest improvement. Thank you, Carly, and everyone in this school!
