Parents should take epidemic preventive measures and pay close attention to the health conditions of their children. They should avoid bringing their children to crowded places with poor ventilation. Students should maintain a balanced diet, exercise regularly, and take adequate rest in order to strengthen their immunity. If students are feeling unwell (even if the symptoms may be very mild), they should seek medical advice promptly to receive appropriate diagnoses and treatments.

Our schools will ensure that the environment is clean and hygienic and continue to strictly observe the health measures as stipulated in the "Health Protection Measures for Schools" issued by the EDB and the "Health Advice to Schools for the Prevention of COVID-19" issued by the Centre for Health Protection." Please do not hesitate to contact us at 2577 3489 for enquiries. Thank you for your continued support.
