24th June 2021
Circular 38/ 20-21

Dear Parents,

Making the best use of summer holidays

The pandemic situation in Hong Kong is improving recently, however, it is still undesirable for mass gathering. In order to make the best use of summer holidays, our school is encouraging students to make the best use of it by participating in some meaningful activities.

Students may visit a library and read books of their interest and spend leisure time going through its pages, indulge in sports activities such as badminton or table tennis; students may also invest their time to learn about STEM in an exciting and interesting way, or learn new skills such as playing an instrument or visual arts, or engage in fun activities such as balloon twisting or magic tricks. Taking the time to travel to places around Hong Kong with family, touring historical monuments or museums may enrich our knowledge about Hong Kong's rich heritage is recommendable, or why not enjoy online concerts with the whole family?

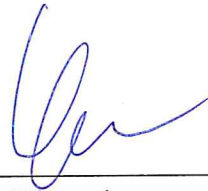

Below are some interesting websites that students may find interesting to click onto. In addition, the school has arranged some online courses for students to participate in during the summer. Students are free to join at their own expenses. Details are as follow:

Category	Activities / Classes	Remarks
Knowledge enhancement	Chinese English Reading Mathematics	看動畫 學歷史 (see attached QR code) Hkedcity English Reading (see attached QR code) Math Antics Basic Videos(see attached QR code)
Music and arts	Symphony Under the Stars online Violin Foundation Class online Visual Arts Class online	Please see QR code attached Please refer to next page for course details Please refer to next page for course details
STEM	STEM Videos STEM Class online	STEAM Powered Family (see attached QR code) Please refer to next page for course details
Fun activities	Balloon Twisting Class online Magic Class online	Please refer to next page for course details Please refer to next page for course details
Day tour	Science Museum Hong Kong Museum of Art	

Please see attached information regarding self-financed summer online courses listed above. The course organizers will be at the school library on June 25, 2021 (Friday) from 0830-1030 for course enrollment. Students can either pay in cash or by cheques made payable to respective course organizers.

We hope the above-listed things to do during the summer vacations will be of benefit to our students. We encourage them to share with teachers and each other some of the exciting activities they do after the summer holidays. For enquiries, please do not hesitate to call Ms Wong Pik-yiu at 2577 3489.

Have fun during the summer and stay safe!

Yu Hing-yin
Headmistress
